Emergency First Response (Asia Pacific) Pty Ltd are pleased to
announce that they have been nationally recognised by AUSTSWIM
as CPR Course Providers.

AUSTSWIM www.austswim.com.au is the Australian Council for the Teaching of Swimming and Water Safety. It has a Branch in each state and territory of Australia.

AUSTSWIM's mission is to provide leadership in the design, development, marketing and delivery of comprehensive, high-quality courses, programs and resources and to set the highest national standards for the training of teachers of swimming and water safety.

AUSTSWIM has established strategic partnerships with a representative on the following committees:

- Australian Swimming Coaches and Teachers Association – Learn to Swim Committee Australian Water Safety Council
- Community Recreation Council of Australia
- Standards Australia – Committee on flotation aids for water familiarisation and swimming tuition
- World Aquatic Babies Congress.

AUSTSWIM also has established alliances with organisations in New Zealand, Papua New Guinea, Singapore, South Africa, the United Kingdom and the United States of America.

It is compulsory for an AUSTSWIM swimming instructor to hold and maintain a CPR and first aid certificate.

About Emergency First Response

Emergency First Response is the fastest-growing international CPR, Automated External Defibrillator (AED) and First Aid training company. Dedicated to training the lay rescuer, Emergency First Response courses encompass adult, child and infant CPR and first aid skills, and incorporate Automatic External Defibrillator (AED) training and emergency oxygen use. Emergency First Response also offers comprehensive First Aid at Work courses, specifically designed to meet compliance standards for workplace safety courses internationally. Emergency First Response courses are flexible in design to accommodate scheduling and training needs. They can be taught together or alone in any combination. The company's award-winning courses, state-of-the-art training materials, and multi-media approach to training, build confidence in lay rescuers and increase their willingness to respond when faced with a medical emergency.
