### **RE: Pediatric and Adult CPR and First Aid Training Programs**

Dear Mr. Albinsson:

The training and certification materials that you submitted for our review and consideration are consistent with the Virginia Department of Social Services, Division of Licensing Programs' requirements for CPR and First Aid training programs. I am approving these programs for use in training and certifying employees in licensed child daycare centers and homes in Virginia as well as adult facilities.

Should there be significant changes in the accepted national standards of practice for CPR and First Aid, it is expected that your organization will modify these curricula accordingly. Any curriculum changes must be submitted to the Virginia Department of Social Services, Division of Licensing Programs for review and approval.

If you have any questions or require additional information, please feel free to contact me at 804-726-7147 or via email at [lynne.williams@dss.virginia.gov](mailto:lynne.williams@dss.virginia.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Lynne A. Williams".
