

## Emergency First Response® Instructor Renewal

**To maintain the Emergency First Response Instructor rating, individuals must renew their rating every two years by submitting a renewal application to Emergency First Response. By renewing, instructors agree to stay up-to-date with Emergency First Response course standards and implement any changes announced in *The Responder*.**

If Emergency First Response Instructors let their renewal lapse and the term of their credential expires, they should contact their Emergency First Response Office for information on how to reactivate their authorization to teach.

Occasionally, when medical standards change or new Emergency First Response programs are released, instructors may be required to attend an update seminar to retain or upgrade their rating. Where legally required for official recognition, other renewal requirements may apply. Check the Emergency First Response Instructor Renewal Application for specifics or contact your local Emergency First Response Office.

# Sample Course Schedule

(Hours approximate, based on 12 instructor candidates)

# Instructor Trainer Qualifications and Renewal

Emergency First Response Instructor Trainers are qualified individuals who have completed an Emergency First Response Instructor Trainer program.

Emergency First Response Instructor Trainers are authorized to teach Emergency First Response Primary Care (CPR), Secondary Care (First Aid) and Care for Children courses as well as the Emergency First Response Instructor Course, Instructor Crossover Program and Instructor Retraining Program.

## Prerequisites

**To enroll in an Emergency First Response Instructor Trainer Course, you must meet the following requirements:**

- **Be an active Emergency First Response Primary Care/Secondary Care and Care for Children Instructor.**
- **Have issued 25 EFR Completion Cards or taught at least five EFR courses.**
- **Have no verified quality assurance issues within the past 12 months.**

**If you are a CPR/First Aid Instructor with another organization and want to apply for the Emergency First Response Trainer course, you must meet the following requirements:**

- **Be a current instructor with another organization qualified to teach adult, child and infant CPR/First Aid.**
- **Have taught at least 25 CPR/First Aid students.**
- **Successfully complete the Emergency First Response Instructor Crossover Course.**
- **Teach at least one Emergency First Response Primary Care/Secondary Care course and Care for Children Course.**

## Renewal Requirements

**To maintain the Emergency First Response Instructor Trainer rating, individuals must renew their rating every two years by submitting a renewal application to Emergency First Response. By renewing, you agree to stay up-to-date with Emergency First Response course standards and implement any changes announced in *The Responder*.**

If your renewal lapses and the term of your Emergency First Response Instructor Trainer credential expires, contact your Emergency First Response Office for information on how you can reactivate your authorization to teach.

Occasionally, when medical standards change or new Emergency First Response programs are released, you may be required to attend an update seminar to retain or upgrade your rating. Where legally required for official recognition, other renewal requirements may apply. Check your Emergency First Response Instructor Trainer Renewal Application for specifics or contact your local Emergency First Response Office.
